SAMUEL GRIERSON, ESQ.,

DEAR SIR,—In your paper of the 8th instant, where you were pleased to draw attention to the business of the National Life Insurance Company of the United States of America, the figures got into wrong positions in stating the number of policies at 4,170, the correct numerals were there, but they should have been placed so as to read 4,791, that being the number of policies issued by the Company previous to May 1st. At this date (May 14) the number issued is 5,025, insuring $14,194,500.

Thanking you for your uniform courtesy, and for the candid manner in which you have written of the National, I remain, yours respectfully,

EXCELSIOR!—I have recently bought at great cost two of
THE BEST CAMERAS
IN THE WORLD.

The maker of one, J. H. Dalmeyers, of London, received a gold and silver medal at the Paris Exposition. The other is a Parallactic Solar Camera, made by the celebrated optician, Herman Roetgers, of Germany. The best judges pronounce this the best instrument in the world. With the
BEST INSTRUMENTS,
The best of light and the best materials, I guarantee Pictures to surpass anything in the State, and to
EQUAL ANY IN THE WORLD,
Either from old ambrotypes, Daguerreotypes, or from life. I am prepared to make any size picture as good, if not better than the original from fingering size up to full life size.

In making this announcement I would return my grateful thanks for the very liberal patronage bestowed upon me in the past, and pledge my best efforts in producing GOOD PICTURES in the future. The best judges are most pleased, and speak most flatteringly, but the pictures will speak well for themselves. Come all and see.

Those owing me for Pictures will confer a great favor by paying their bills at once, and save annoyance, if not cost.

CHEERING SUCCESS.
LARGE DIVIDEND OF INSURANCE.
The Piedmont Life Insurance Company, of Virginia, has
DECLARED A DIVIDEND OF FORTY PER CENT.
on its Life Policies, which have paid two annual premiums, and the same is available on such policies at next renewal to absorb loans, or reduce cash payments.

The dividend could have safely been larger, but with the
PRUDENCE AND CAUTION
which has ever guided this company, it has deemed it proper to choose a surplus beyond the reserve fund.

The company is now only in the *eighteenth* month of its active operation—yet
HAS ISSUED 3,000 POLICIES
which is a success really remarkable, and far ahead of any company of like period in America or Europe; while its handsome dividend shows the economy of its administration, and the
UNDOUBTED PERMANENCY OF
ITS SUCCESS.

ROCKBRIDGE ALUM SPRINGS, VA.
OPEN MAY 15th.
This favorite and celebrated summer resort is now in complete order for the reception of guests. Some important improvements have been added to the buildings since the establishment passed into the hands of the present proprietor, and it is his purpose to keep it in a style not surpassed anywhere in Virginia.

The remarkable medicinal and curative power of the water is well known to the medical profession and to the springs going public. As an
ALTERATIVE, A DIFFUSIVE STIMULANT, AND TONIC
There is no known mineral water equal to it. In all anæmic conditions of the system, and broken down states of the constitution, loss of appetite, and general nervous prostration, its powers and virtue as a restorative may be safely pronounced to be without a known rival among the mineral waters of the world. They are ESPECIALLY INDICATED in the whole class as ailments peculiar to the female constitution.

The Proprietor will have provided for the Lawn and Ball Room a first-class BAND OF MUSIC, and in general, all the sources of amusement and recreation, usually found at our best summer resorts, will be at the command of the guests at Rockbridge Alum.

The place is within 11 to 13 hours of Richmond, Washington, Baltimore and Lynchburg, by rail, ALL IN DAYLIGHT. Passengers leave the cars of the Chesapeake and Ohio Railroad at Goshen Depot, and new and elegant stage coaches, passing rapidly over a smooth and level road at only eight miles, set down the visitors at the Springs to tea.

The Rockbridge Water, put up in glass, containing all its medicinal qualities can be had at the well-known Drug houses of
JOHN H McADEN,
CHARLOTTE, N. C.
WILLIAMS & HAYWOOD,
RALEIGH, N. C.
who will furnish on application pamphlets containing the analysis of the water, and letters from eminent physicians, with a few certificates out of many, of the wonderful cures made by these waters.

CAROLINA TIMES.

R. P. WARING, Editor.

CHARLOTTE.

Wednesday, August 18, 1869.

We have been absent from the office for a week or two, so have had no chance to define our position as several of our respected contems have done. We shall do so now—briefly thus:

We care nothing for names, have not since the surrender. Two years ago we advised the acceptance of the reconstruction policy of Congress in all points where a free choice was not left us. We opposed negro suffrage then, because we thought it was an open question. Now, we stand on that just as we do on the deluge, and shall no longer oppose the one or the other. We have always been in favor of universal amnesty, and a cheerful acquiescence to all laws passed in obedience to the Constitution.

We are now as we have been from the beginning, in favor of a close union of all good men upon a platform of opposition to corruption, venality; ostracism and high taxes. We are in favor of honest, competent men for places of trust and of an economical administration of the Government, both State and federal, and opposed to compromising by supporting in any way the "respectable Radicals" of native growth or otherwise, whose influence went to fix upon North Carolina her present constitution and filled her judiciary and Legislative Halls with graceless scamps, who have tarnished her fair-fame and impoverished her good people by squandering the public money and levying a tax burdensome enough to be ruinous. We are in favor of, and will co-operate with any party, by whatever name it may be called, who will drive these comorants from power and fill their places with honest tax-paying competant men.

That is our platform.

Tucker, who ran for Congress in the Halifax district, was recently arrested for inciting certain negroes to arson. Being a friend of Canby, that immaculate commander ordered his discharge without trial.

RECALL OF CURRENCY.—The following circular for the recall of currency issues has been issued by General Spinner, United States Treasurer:

"This office will receive, at the expense of the Department, from any officer of the Government, private party, or corporation, any of the currency described below: United States notes of the denomination of $10 and the denomination $50. United States notes known as the 'convertible issue' authorized under the acts of February 25 and July 11, 1862; and all notes which are mutilated or in any way unfit for circulation. Provided such remittances are made in amounts of $500 or more, or exceeding $1,000 or a mutiple thereof by more than $500, by Adams Express Company, or by any express with which that company has made such arrangements."

Grant's friends give him too many presents in large coin. In place of dollars he needs sense.

Chicago Times

A TRUE SNAKE STORY.—On the Fourth of July last one of Wadwell's "pets," while on a little excursion into the country, came upon a large moccasin snake, which he succeeded in capturing. He gave it to one of the guards, who caged the reptile and tried to domesticate it. Eight weeks have elapsed, and during that time the snake, although apparently in first-rate health, has not taken a morsel of food of any kind. She has, however, within a few days past, astonished her keeper by giving birth to forty-two young ones, which are now alive and squirming. The youngsters are as lively as crickets, and may occasionally be seen in squads of a dozen or so at a time going down the throat of the fond "parient," either as a refuge from danger, or perhaps to take their meals in some incomprehensible manner.

The gentleman having this happy family in charge has been at a loss to know what to feed them with, and has not yet found anything that they relish. A day or two ago a live frog was put into the cage, and it was hard to tell whether frog or snake was the more frightened. A mouse was then put in, but this venture was still more unsuccessful, for the mouse created a panic among the little ones by devouring one of their number, notwithstanding the victim was eight inches long and armed with the sharpest of venom-pointed fangs.

Richmond Dispatch

STATE NEWS.

BARN BURNED.—On Friday night last the barn on the plantation of the late Nicholas N. Nixon, on Topsail sound, about thirteen miles of this city, was entirely destroyed by fire. The barn contained at the time about 1,500 bushels of peanuts, which were also consumed.

The loss amounts to between $4,000 and $5,000. There was no insurance, we believe. The fire is supposed to have been the work of an incendiary, and there are strong grounds for the belief that such is the fact.

Wil. Journal.

SOME DIFFERENCE.—We learn that the Judges of the Supreme Court made an estimate that their decision in the late railroad cases would reduce the taxes to be paid 27 cents from the gross amount. But the Public Treasurer in his Circular issued to the Sheriffs, states the deduction at only 8½ cents. This is a wide difference and might be well enough to inquire into.—*Statesville American.*

The above paragraph is copied by nearly every paper in the State. We have before stated that the Governor and Council examined the decision of the Supreme Court in the University R. R. case, and concluded that it relieved taxes to the amount of 8½ cents. This interpretation was concurred in by every Justice of the Supreme Court. Acting upon it, the Public Treasurer issued the circular above referred to. If persons attempt to evade the payment of the tax, they will only involve themselves in useless trouble and expense. Papers that have copied the item from the *American* may save their reader some trouble by publishing this statement.

Standard.

On Sunday morning last, says the Hillsboro *Recorder*, about seventy-five armed horsemen came into Hillsboro, compelled the Sheriff to deliver up the jail key to them, when they proceeded to take from the jail two colored men incarcerated for the late barn burning in that county. The colored men were found next morning, one of them unhurt, the other with a flesh wound in his thigh made by a pistol shot.

The armed men were attired in long gowns as white as a lilly—a shrouding sheet hung over their face with holes for their eyes—funeral crape was tied around their waist, and they were otherwise disguised. The *Recorder* thinks it was a company of the far famed Ku Klux.

Ex-Governor Worth, whose illness at Rockbridge Alum Springs caused some anxiety, returned to his home in this city on Saturday evening last, in company with his son-in-law, Maj. William H. Bagley. Governor Worth stood the journey quite well, and his health is not quite so precarious as his friends in this city had been led to suppose.—*Standard.*

THE ALMIGHTY SPEAKS.—One of the most signal strokes of the Almighty God has just occurred in Watauga County in this State. One Philip F. Gorms, a trader in tobacco and other commodities, died suddenly last Tuesday week, under unusual circumstances. His team had become stalled in a mud-hole, and becoming incensed at the consequent delay, Gorms swore at them, and beat them until he had worked himself into a frenzy. While in the midst of his blasphemy, he was stricken dead with apoplexy. His remains were interred upon a neighboring farm, and his team cared for until his family could be advised of his fate. Gorms is said to be from Granger county, Tennessee.

ANDY JOHNSON BEFORE A MOB.—The Knoxville *Whig* draws the following picture of Andrew Johnson as he stood upon the stand at Marysville, threatened with death by the Radical mob whom he held at bay:

"Amid the excitement he stood as calm as if no danger had menaced him. The cries of 'Take him down!' 'Shoot him!' and other cries as violent, though couched in language too indecent for repetition, were met with glances of cold defiance. He was a man of marble, save that his eye flashed with unutterable resolve to maintain to the last the course he had marked out. His friends were determined to protect him at all hazards, and when the third effort at intimidation was thwarted the enemy gave up the attempt in disgust and despair."

Virginia News.

Direct Trade between Virginia and Europe.

William Lamb, James Y. Leigh, George D. Parker, John B. Whitehead, Jacob Umstadter, E. C. Robinson, W. H. C. Ellis, Lewis W. Webb, and Thomas T. Kempe, the commissioners of the International Commercial Company, have summoned the subscribers to said company to meet in Norfolk on the 1st day of September next for provisional organization.

The plan of the company is to charter instead of to purchase or build steamers. To build or buy three first class steamers would cost $1,500,000 in gold—an amount not easily raised in the South at present. The experience of other companies is that in starting a line it is better to charter than to buy or build vessels. Until the line is established it is impossible to tell the character of vessels best adapted to the trade—what proportion of passenger accommodation will be needed; wether swift and small carriers, or slow and large ones will be best; or whether steamers combining both speed and capacity will be needed. Chartered vessels can be displaced by more suitable ones at any time at a trifling cost, while to sell an ocean steamer is a very difficult job. A number of fine British steamers have been offered the commissioners for the proposed line and on most favorable terms. By this system of chartering, our American company can use European capital to supply the steamers, while retaining absolute command of the line.

Three hundred thousand dollars is all that is required to give the company the requisite warehouses, docks, &c., and ample margin upon which to charter a fleet of ocean steamers.

As it is important that a provisional organization of the company should be effected at once, the commissioners request that all subscribers who cannot attend personally will be represented by proxy.

Letter from Washington.

Correspondence of the Richmond Dispatch.

WASHINGTON, August 13th.

General Rawlins alone of all the members of the Cabinet remains at his post, and he has done less travelling than any of his official colleagus since the season opened. Of course things are dull, dreadfully so, and it is not thought here that there will be any points of a political character, either domestic or international, raised again until the next Cabinet meeting.

Mississippi furnished the topic of comment next to Cuba, which was the main subject of speculation, and with regard to which it can be said, by authority, that no paragraph printed since the Cabinet meeting, pretending to give an idea of the discussion on this subject, approached anywhere within the line of truth.

The Mississippi people here are praising Dent for his determination to run for Governor, if he should be nominated, notwithstanding the President's position, and assert confidently that he will not only be nominated, but that he will receive a very large majority.

Friends of Secretary Boutwell deny that he ever intimated any intention of retiring from the Cabinet in case the Administration did not cast its influence directly in support of the extreme Radical factions in the South.

Matters are apt to remain as they now exist in the capital until the first of September, by which time the members of the Cabinet will all have returned, and then will commence anew the speculations and excitement relative to Cuba, the Alabama claims, the test-oath in Virginia, the elections in October and November, and the multitude of other topics that renew their importance whenever the Government is at an anchor.

Financial folks predict considerble excitement in Congress next session with regard to the national banks, greenback currency, a consolidated debt, etc.

Prominent gentlemen here, who do not speak without good reason, express themselves confident that the situation in Virginia will be adjusted to the satisfaction of the citizens of the State.

LATEST NEWS.

Washington.

WASHINGTON, Aug. 14.—Further Cuban advices report the slaves throughout the Island, as exhibiting symptoms of insubordination and sympathy with Cespedes. They are joining Cespedes in large numbers, thereby securing emancipation, proclaimed by the Provisional government. They make, it is said, good soldiers. Quesada is nearly ready to attack Nuevitas with certainty of success. Unless the Spaniards are reinforced it is believed they will avoid a contest.

Vessels sufficient to remove the garrison are concentrating before Nuevitas.

Revenue to-day $395,000.

A large distillery in Philadelphia has been seized. The storekeeper and gueger were arrested.

The pay of assistant assessors for Tennessee, North Carolina and the Gulf States is reduced 50 cents per day.

Rear Admiral Davis has been ordered to make arrangements for a survey of the Isthmus of Darien for the purpose of ascertaining the cost, &c., of a ship canal.

The *Times* says the question of enforcing the test oath in the case of the members elect of the Virginia Legislature, has been decided affirmatively by the Attorney General, and it will be accordingly enforced by Gen. Canby.

Virginia.

RICHMOND, Aug. 14.—It is stated on good authority, that Gen. Canby will, within ten days, issue his election proclamation convening the Legislature, applying the iron clad oath to the members, and where a member elect cannot take the oath, giving his seat to the candidate who received the next highest vote.

This news produces different feelings among different parties. The Wells Republicans who form nine-tenths of what was the Republican party rejoice over it.

The Democrats are confident that the affect is to give the State to the Democracy in 1872, and permanently thereafter, and the Walker True Republicans, who elected their ticket on the idea that among the whites there was to be no more disfranchisement and test oath, are very sick.

Foreign.

PARIS, Aug. 14. Marshal Mail Minister of War, is dead.

Several additional bands of Carlists have appeared in different parts of the country but by no means formidable.

VIENNA, Aug. 14.—The *Press*, the government organ says, that business relations between the Turkish and Lombardy Railroad are entirely broken off.

Baron Von Beust in addressing the Reichrath in defence of the Budget said the maintenance of peace would be easier if the defensive forces of Austria were not diminished.

Washington.

WASHINGTON, Aug. 16.—A letter from Judge Dent to President Grant is published, wher in Dent protests against Grant's Support of the bitter-enders, claiming the Government foiled the bitter enders in getting possession of Mississippi under the defeated Constitution, but now supports them. Dent expresses the opinion that, notwithstanding the Cabinet's support the bitter-enders will defeated in Mississippi.

Supervisor Perry, of North and South Carolina, is here. He reports the seizure of 40,000 boxes of tobacco within his district and much machinery.

It may be confidently stated that the assertions regarding Hoar's opinion the Cabinet's instructions and Canby's intentions regarding the exaction of the test-oath from the Virginia legislators, are mere speculations. Nothing is definitely determined.

The New York World of Wednesday compliments a former friend in the following terms:

Sickles, it appears, is to be confronted, when he comes up for confirmation, by as many Republican Senators as have not "personal esteem, respect and friendship" for a murderer, pimp, liar, thief, defaulter, and mutineer.

Manures.

Southern Agriculturists, advocate steeping the seeds and grains in certain solutions before sowing them. Prof. Johnston suggests a mixture of phosphate of soda; sulphate of magnesia, nitrate of potash, common salt, and sulphate of ammonia (one pound each) in ten gallons of water, for steeping three hundred pounds of seeds, which are to be afterwards dried with gypsum or quick-lime.

SPECIAL NOTICES.

Let Us Discuss the Great Question.

What is the most important of all earthly blessings, in the estimation of every intelligent human being?

Clearly, it is HEALTH; for soundness of body and mind is essential to the enjoyment of all the other good gifts of Providence.

How, then, shall those who possesses this inestimable treasure endeavor to preserve it, and how shall those who have lost it seek to receive it?

These questions have been asked in all ages, but never have they been as satisfactorily responded to as at the present day, and the answers which common sense, enlightened by science and experience, gives to them in the Nineteenth Century may be briefly stated thus:

To protect the system against all influences that tend to generate disease, THERE IS NOTHING LIKE INVIGORATION.

To re-establish the health on a firm basis, when it has been lost by imprudence or any other cause, the system must be simultaneously strengthened, regulated and purified.

These ends can only be attained through the agency of a preparation which combines the attributes of a tonic, a corrective, a blood depurent, and an aperient.

All these essentials are effectually blended in HOSTETTER'S STOMACH BITTERS. They contain nothing drastic, irritating or inflammatory. The juices and extracts of sanative herbs, roots and barks are their sole medicinal ingredients, and these are rendered diffusible by combination with the spirituous essence of rye, the purest of all alcoholic stimulants.

The weak and feeble, and especially those suffering from biliousness, indigestion and nervousness, absolutely require the renovating aid of this powerful tonic and alterative during the heated term, and cannot prudently postpone its use for a single day. A word to the wise is sufficient.

CHOLERA.

A Cure for this disease may be found in the use of

PERRY DAVIS' PAIN KILLER.

I have used the medicine known as PERRY DAVIS' VEGETABLE PAIN KILLER in my family for the last twelve months, and have great pleasure in testifying to its very valuable properties. I would not on any account be without it. During the existence of the Cholera last year, I used no medicine of any sort but the Pain Killer, although myself and several members of my family were attacked by it severely and I am happy to say that the Pain Killer was equal to every emergency; it was both a preventive and a certain cure I consider I should not be doing my duty to the community did I not say this much. If I were attacked by the Cholera to-day, the Pain Killer would be the only remedy I should use. I have thoroughly tested it, and know it can be relied on.

New Advertisements.

The following New Advertisements appear for the first time in this morning's issue.

List of letters remaining at the Charlotte Post Office.

HEALTH OF THE CITY.—We are astonished to learn that a report prevails in the upper part of this district that typhos fever is rife in the city.—Upon enquiry, we are gratified to be able, not only to correct such a report, but to state that the city is remarkably healthy at this season. In a place so large as Charlotte, there will at all times be some cases of sickness; but we venture the assertion, (in which we are fully sustained by several of our leading physicians) that the city was never freer from fever of a dangerous type than at this time.

CATAWBA SPRINGS.—There is no better place to "drive dull care away" says the Raleigh SENTINEL, than the "Sparkling Catawba Springs." Col. Wyatt, the proprietor, has spared neither money nor labor in making his houses comfortable and his grounds attractive. We have never known a proprietor more intent upon making his guests comfortable and happy. Nature seems to have done her best upon the water, which is unsurpassed, and upon the climate which is pure, cool, and bracing. We went only to see the Springs and make a short stay. We stayed twice as long as we intended, and left before we had staid half as long as we wished.

Catawba could not vie with Long Branch and Saratoga in opulence, diamonds and costliness of attire, but in elegance and beauty of form and cultivation of mind we will match the visitors of Catawba against Long Branch or Saratoga, or both.

Wilmington was well represented. Among the guests from Wilmington were Col. Cowan and family, Mrs. Edward D. Hall and children, Mrs. Fremont and children, Mrs. Englehard and children, Miss Walker and Miss Anderson. From Edgecombe was Dr. Pitman and lady. From Charlotte was Mr. Sanders and lady. From Onslow, Col. Whitfield, and from Raleigh, Wm. Grimes, Esq., and family.

Among the invalids we found Hon. Robert McLean and Judge Ruffin Jr, of Greensboro'. We were glad to find that both of these gentlemen had been improved by their visit.

Catawba is the place for health as well as pleasure, and its proprietor well merits the patronage bestowed.

☞See notice of property to rent. This is a very desirable place, and to any one who would like to keep a few cows or raise vegetables for market offers great advantages. There are six acres of land now in a high state of cultivation; a good orchard, with an abundance of excellent apples; a fruitful garden and a well of pure and cool water in the yard. The house is not attractive *outside*, but the internal arrangements are convenient and comfortable. It contains five rooms and out-buildings for a good sized family.

The property is just opposite the Female College and within 15 minutes walk of the public squire. It will be rented with the growing crop, and two cows either sold or hired with it. Possession given to suit the renter.

Apply at this Office.

SAMUEL GRIEBSON, ESQ.,

DEAR SIR,—In your paper of the 8th instant, where you were pleased to draw attention to the business of the National Life Insurance Company of the United States of America, the figures got into wrong positions in stating the number of policies at 4,179, the correct numerals were there, but they should have been placed so as to read 4,791, that being the number of policies issued by the Company previous to May 1st. At this date (May 14) the number issued is 5,025, insuring $14,194,500.

Thanking you for your uniform courtesy, and for the candid manner in which you have written of the National. I remain, yours respectfully,

SPARKLING

CATAWBA SPRINGS,

CATAWBA COUNTY, N. C.

THIS CELEBRATED WATERING PLACE, formerly called the North Carolina White Sulphur Springs, will be open for visitors on Tuesday, the first day of June next.

BEING SITUATED in the Northwestern part of the State, in a country remarkable for its beauty and healthfulness—these, together with the virtue of the waters, make it one of the most desirable watering places to be found.

THE MINERAL WATERS OF THESE SPRINGS

Are the White and Blue Sulphur and Chalybeate or Iron, and they possess all the finest qualities of these waters, and are sovereign remedies for all diseases of the liver, bowels, stomach and kidneys, eruptions of the skin, scrofula, weakness, debility, dyspepsia, rheumatism, &c., &c.

THE PROPRIETOR having spent a large amount in additional buildings and improvements generally, these Springs are now in a fine condition, rooms large and pleasant, and good cottages containing from two to six rooms each, well arranged for either large or small families.

GOOD TEN PIN ALLEYS, BILLIARD TABLES

And other Amusements

FINE BATH HOUSES,

For Pool, Plunge or Shower Bath, Sulphur Bath Hot or Cold.

A GOOD BAND OF MUSIC

Will be at the Springs the entire season, and a good Physician permanently located for the benefit of invalids, who will have every attention.

Having secured the services of Mr. J. N. Carter, of Virginia, who has had much experience and stands high as a Hotel keeper, visitors may rest assured that my table will be supplied with the best the market can afford, and everything done that will add to their pleasure and comfort.

The cars on the Western North Carolina Rail Road will leave Salisbury for Hickory Station, the Spring's depot, every morning (Sundays excepted) in connection with the North Carolina RailRoad, avoiding stoppage or delay at Salisbury, and arrive at Hickory Station in time for breakfast, where good hacks will be in readiness to take passengers over a beautiful, well shaded road to the Springs—a distance of six miles.

To accommodate families and parties to spend two months or more, I have consulted to put board down at the following low rates:

BOARD

For one single month,	$50.00
For two or more months,	$40.00
per month or at that rate,	
Per week	16.00
Per day	2.50

Children under ten years of age and colored servants half price. No charge for infants or children under two years of age.

J. GOLDEN WYATT,
Proprietor.

COOKING STOVES,

HOT-AIR FURNACES, &c.

S. B. SEXTON'S CELEBRATED

PATENT BALTIMORE PARLOR HEATERS AND GAS BURNERS,

for Anthracite or Bituminous coal, have been in successful operation for the last ten years, and have proved to be the best Fire-place Heaters manufactured and put in operation. They are getting to be generally used, even in the place of furnaces, for heating the lower and upper rooms in dwellings and offices. Two or three Stoves heating the largest dwellings, and besides, are quite ORNAMENTAL and ILLUMINATING, having all the beauty and cheerfulness of an open grate fire, but are more ECONOMCAL, CLEANER, and RADIATING A LARGER AMOUNT OF HEAT. We can refer to thousands of families who have them in use.

We manufacture our own COOKING STOVES, and we guarantee them to be equal to any sold for *baking* and *cooking*. We have Stoves to take in *long wood* and with *large ovens*, and are *superior Stoves for baking*. We are getting out some new patterns of Cooking Stoves, that will burn *Bituminous coal, hard coal, or wood*. They will have a beautiful finish, and will stand among the No. 1 Cook Stoves. Our Cooking Stoves are Baltimore made, and we guarantee the plates. Our Cooking Ranges are pronounced the best and cheapest in the market.—Baking of all kinds can be done in our Ranges as quickly and equally as well as in a Brick oven. We will manufacture S. B. SEXTON'S new patent Hot-Air Furnaces, warranted to burn from 60 to 70 hours with once filling.

Thankful to our friends and the public for their past favors, we solicit a continuance of their patronage.

K O S K O O !

THE GREAT REPUTATION

Which Koskoo has attained in all parts of the country as

A GREAT AND GOOD MEDICINE

has induced Dr. Lawrence to *enlarge his Laboratory and facilities for manufacturing*, so as to be enabled to supply the extraordinary demand for it.

THE LARGE NUMBER OF TESTIMONIALS

which are constantly being received from Physicians and persons *who have been* CURED by its use, is CONCLUSIVE PROOF of its REMARKABLE VALUE.

AS A BLOOD PURIFIER IT HAS NO EQUALS

BEING POSITIVELY THE

MOST POWERFUL VEGETABLE ALTERATIVE

YET DISCOVERED.

DISEASES OF THE BLOOD.

"The Life of the flesh is in the Blood," is a Scriptural maxim that science proves to be true — The people talk of bad blood, as the cause of many diseases, and like many popular opinions this of bad blood is founded in truth. To say nothing of those humours that are hereditary, we can easily see how the blood may become bad from imperfect Digestion or failure of excretion, and how this may influence the process of Nutrition, and thus influence all the functional activities of the body.

The symptoms of bad blood are usually quite plain—bad Digestion—causes imperfect nutrition, and consequently the circulation is feeble, the soft tissues lose their tone and elasticity, and the tongue becomes pale, bloated and frequently covered with a pasty, white coat. This condition soon shows itself in *roughness* of the skin, then in ERUPTIVE and ULCERATIVE diseases, and when long continued, results in serious lesion of the Brain, Liver, Lungs, or urinary apparatus. Much, very much, suffering is caused by impure blood. It is estimated by some that one-fifth of the human families are affected with Scrofula in some form.

Persons suffering from any bad humor are very liable to have it settle on the Lungs or some other vital organ. The only safe rule is to remove the Blood poison at once, before it settles itself upon some vital point.

When the Blood is pure, you are not so liable to any disease. Many impurities of the Blood arise from impure diseases of large cities. Eradicate every impurity from the fountain of life, and good spirits, fair skin and vital strength will return to you.

K O S K O O !

AS A

LIVER IN-VIGORATOR,

STANDS UNRIVALLED.

BEING THE ONLY KNOWN MEDICINE

that EFFICIENTLY *stimulates* and CORRECTS the *hepatic secretions* and functional DERANGEMENTS of the LIVER, WITHOUT DEBILITATING the system. While it acts *freely* upon the LIVER *instead of copious purging*, it *gradually changes* the discharges *to a perfectly natural state.*

SYMPTOMS OF LIVER COMPLAINT AND OF SOME OF SOME OF THOSE DISEASES PRODUCED BY IT,

A sallow or yellow color of the skin, or yellowish brown spots on the face and other parts of the body; dullness and drowsiness, sometimes headache; bitter or bad taste in the mouth, internal heat; in many cases a dry, teasing cough; unsteady appetite; sometimes sour stomach, with a rising of the food; a bloated or full feeling about the stomach and sides; aggravating pains in the sides, back, or breast, and about the shoulders; constipation of the bowels; piles, flatulence, coldness of the extremities, &c.

K O S K O O !

Is a remedy of WONDERFUL EFFICACY in the CURE of diseases of the KIDNEYS and BLADDER. IN THESE AFFECTIONS IT IS AS NEAR *a* SPECIFIC *as any remedy can be.* It does its work *kindly, efficiently, and* SURELY. The RELIEF which it affords is both *certain and perceptible.*

DISEASES OF THE KIDNEYS AND BLADDER.

Persons unacquainted with the structure and functions of the Kidneys cannot estimate the *importance* of their *healthy action.*

Regular and sufficient action of the Kidneys is as important, may, even more so, than regularity of the bowels. The Kidneys remove from the blood those effete matters, which if permitted to remain would speedily destroy life. A total suspension of the urinary discharges will occasion death from thirty-six to forty-eight hours.

When the Urine is voided in small quantities at the time, or when there is a disposition to Urinate more frequently than natural, or when the urine is high colored or stocking with weakness in the small of the back, it should not be trifled with or delayed, but Koskoo should be taken at once to remedy the difficulty, before a lesion of the organs takes place. Most of the diseases of the Bladder originate from those of the Kidneys, the Urine being imperfectly secreted in the Kidneys, proves irritating in the Bladder and Urinary passages. When we recollect that medicine never reaches the Kidneys except through the general circulation of the Blood, we see how necessary it is to keep the fountain of life pure.

K O S K O O !

Meets with GREAT SUCCESS (as hundreds of certificates will show), in the CURE of

DISEASES OF THE NERVOUS SYSTEM.

Almost nine-tenths of our people suffer from nervous exhaustion, and are, therefore, liable to its concomitant evils of mental depression, confused ideas, softening of the brain, insanity, and complete breaking down of the general health. Thousands are suffering to-day with broken-down nervous systems, and, unfortunately, tobacco, alcohol, late hours, over-work, (mental and physical), are causing diseases of the nervous system to increase at a fearful ratio.

The symptoms to which diseases of the nervous system give rise, may be stated as follows: A dull heavy feeling in the head, sometimes more or less severe pain or headache; Periodical Headache, Dizziness, Noises or Ringing in the head; Confusion of Ideas; Temporary loss of Memory; Dejection of Spirits; Startling during Sleep; Bad Dreams; Hesitation in answering questions; Dulness of Hearing; Twitching of the Face and Arms, &c., which, if not promptly treated, lead to Paralysis, Delirium, Insanity, Impotency, Apoplexy, &c., &c.

CONCLUSION.

Suffering reader, do not think that because you have tried other remedies, you cannot be cured—but recollect that God, in His Providence, has not afflicted his children with pain and disease, without at the same time giving them something in the Great Garden of Nature that will cure them.

Have no hesitation in writing to me, and stating your case in full, and I will answer you promptly.
